

UNIVERSIDADE FEDERAL DE SANTA CATARINA
CENTRO DE CIÊNCIAS BIOLÓGICAS
DEPARTAMENTO DE ECOLOGIA E ZOOLOGIA
PROGRAMA DE PÓS-GRADUAÇÃO EM ECOLOGIA

Code: ECO3200000

Course: Seminar I¹

Credits: 02

Total hours: 30

Instructors: Selvino Neckel de Oliveira
Áthila Bertoncini Andrade

Semester/Year: 01/2022

Schedule: 01/04/2022 to 18/07/2022

Timetable: Mondays, 16:00–18:00h

Vacancy: 25

Lectures: hybrid environment

Lecture environment:

When not in person, lectures and debates will be performed at Streamyard or other platforms, with live transmission at POSECO's youtube channel. For students impossible to attend, lectures will be recorded and available in at specific link.

Prerequisites

None

Syllabus:

Debates of elements necessary to structure research projects and scientific articles, based on the students' research plan. Presentation and discussion of key themes in the area of Ecology and Environmental Sciences, covering a wide variety of topics. Orientation regarding oral presentation techniques for scientific research. To update students regarding areas of knowledge and lines of research at POSECO.

Methods:

Talks, debates, discussions and working/studying groups.

Exam:

Portfolio (*logbook*) to be prepared by each student, keeping up and reporting learned contents and read references, as well as, interaction and discussion along the classes.

¹The learning plan may be adapted, exceptionally, to replace in person classes for virtual classes, while the pandemics of COVID-19 remains, attending the Ordinance of MEC 344, of June 16th, 2020 and the Resolution 140/2020/CUn, of July 24th, 2020.
